WASHINGTON C. H., OHIO, WEDNESDAY, OCTOBER 31, 1917

Ten Cents a Week

CLOUDY

TRAINING THE SELECTIVE DRAFT MEN IN THE USE OF THE ARMY RIFLES

RIFLE PRACTICE

Thousands of the men who have been selected to serve in the National Army have never handled firearms and the task of training them in the use of guns seemed stupendous. The officers who are instructing the men report that splendid progress is being made by the new recruits, and the picture shown here, taken at Camp Lee, Petersburg, Va., shows several companies being taught the manual of arms.

GREAT TERMINAL PIER AT BALTIMORE SWEEPED BY INCENDIARY FIRE

Property Loss of \$4,000,00 and Seven Lives Probably Lost.

One Suspect Is Taken Into Custody.

Flaming British Steamer Purposely Sunk to Check the Flames.

By Associated Press Dispatch.

Baltimore, Md., October 31.—A disastrous fire which wrecked two of the finest Baltimore & Ohio railroad terminal piers at Locust Point and was spread to a British steamship that had just docked at one of the piers for loading, broke out last night, causing the probable loss of 7 lives and financial loss estimated at \$3,000,000 to \$4,000,000 before it was subdued. Five of the missing men were members of the crew of the steamship. Vice president J. M. Davis, of the B. & O. said it was the belief of the railroad officials that the fire was of incendiary origin as witnesses say they saw flames leaping from pier 9 and 8 at five points almost at the same time. Already the police in their investigation have arrested one man. The British steamer will be towed into shallow water and sunk in order to extinguish the fire which was still burning in her hold at noon today.

WALTER D. POWELL HAS ATHLETICS AT ARMY'S CAMP

By Associated Press Dispatch.

Cleveland, O., October 31.—Walter D. Powell, former football coach at Western Reserve University, who has been in charge of athletics at Camp Sherman, has received orders transferring him to Jacksonville, Fla. Powell is here on a short furlough. It is probable he will be succeeded at Camp Sherman by Ed. Connor, his assistant.

RETURNS FROM OUR DISTRICT GRATIFYING

Liberty Loan Bond Sales Total Nearly Half Billion.

By Associated Press Dispatch.

Cleveland, O., October 31.—D. C. Willis, chairman of the central liberty loan committee announced today that the Fourth Federal Reserve District subscriptions amounted to \$489,450,000 with the returns not all in. The district's quota was \$300,000,000 and the goal set by the committee was \$400,000,000. Every area in the district and 29 counties in the Cleveland area reported subscriptions far in excess of their quotas.

The Fourth Federal reserve district was divided into six areas which reported as follows:

Pittsburg area,	\$200,000,000;
Cleveland area,	\$155,450,000;
Cincinnati area,	\$77,000,000;
Columbus area,	\$20,000,000;
Toledo area,	\$25,000,000;
Lexington area,	\$12,000,000.

GERMANS PLANT TREES IN HINDENBURG'S HONOR

Amsterdam, October 25.—(Associated Press Correspondence)—Among ceremonies throughout Germany on the occasion of Field Marshal Von Hindenburg's seventieth birthday was the planting of trees named after him. This follows the precedent of planting "Bismark oaks," which flourish by hundreds in various districts. Many patriots planted fruit trees for Hindenburg instead of oaks, intending that on October 2 in years to come the children will gather apples, pears and plums, "as symbolical reminders of the fruits which Hindenburg bestowed upon the Fatherland for all time to come."

BIDDLE IS NAMED AID TO GENERAL BLISS

MAJ.-GEN. BIDDLE

Washington, Oct. 30.—Secretary of War Baker has announced the appointment of Major-Gen. Biddle as assistant chief of staff, General Biddle formerly was president of the Army War College.

The appointment as assistant chief of staff means that General Biddle will succeed General Tasker H. Bliss the present chief of staff, when General Bliss reaches the retirement age on December 31. General Biddle is 53. During the Spanish-American war he served as Lieutenant Colonel, Chief of Engineers.

ONE THOUSAND ARE DROWNED

No Detail Advices as to Nature of Calamity Is Received.

(By Associated Press Cable)

London, October 31.—One thousand and British Indian natives are believed to have been drowned at Durban, Natal, according to a Central News Dispatch from Johannesburg, Union of South Africa today.

No details have been received from any sources to indicate the nature of the calamity reported in the Johannesburg advices.

SPRINGFIELD PHYSICIAN DEAD

By Associated Press Dispatch.

Springfield, O., October 31.—Dr. T. M. Reade, aged 69, one of the oldest physicians here, died this morning of paralysis.

THE TEUTONIC HORDES PURSUE ITALIAN ARMY CAVALRY IS HARASSING

Under Protecting Shield of Rear Guard Actions Retreat Continues.

"As Planned by the Austro-Germans," Berlin Announces

Artillery Fire of Powerful Proportions from the French in the Aisne Region.

By Associated Press Dispatch.

General Cadorna's rear guards are doing notable work in their efforts to slow up the advance of the Austro-German invaders of northeastern Italy, according to the indications in today's report from Rome.

The retreat toward the line of the Tagliamento river is continuing under this protecting shield. Along the streams that spread thickly through the Friuli plain and on the eminences further north the covering troops are making numerous stands and compelling the Teutons to stop and fight while the Italian cavalry continues to harass the advancing hordes.

Berlin's announcements say the campaign is being developed in accordance with the intention of the Austro-Germans.

German efforts last night against the territory gained by the British in the Bassendale region were confined to artillery fire, no counter attacks developing.

In the Aisne region on the French front General Petain apparently is preparing to renew his attack southwest of Laon where he scored in his recent brilliant advance.

Berlin yesterday reported a concentrated fire "of powerful proportions" from the French guns in this area, while today Paris announces an artillery battle in progress there. In the Argonne a German surprise attack was repulsed.

U. S. CORPORAL COMMITS SUICIDE

By Associated Press Dispatch.

New York, October 31.—Corporal Berney E. Loveman, 25 years old, 167th United States Infantry of Birmingham, Alabama, committed suicide early today by jumping from an eighth floor window of an uptown hotel where he had been stopping for several days.

MILLION TONS OF SHIPPING BY MARCH 1ST

By Associated Press Dispatch.

Washington, October 31.—American shipyards will complete 1,000,000 tons of shipping by March first, Chairman Hurley, of the Shipping Board today told a conference of Atlantic Coast shipbuilders and government officials called to discuss speeding up shipbuilding.

The chief subjects taken up were increasing the labor supply and better co-operation between the government and shipbuilders.

FORD MUST 'DIVY' PROFITS WITH DODGES

Judge Brewster Decides Detroit 'Mobile Case.

Said to Involve \$60,000,000. Will Disarrange Henry's Plans.

By Associated Press Dispatch.

Detroit, Michigan, October 31.—The suit brought against the Ford Motor Company and Henry Ford by John F. Dodge and Horace E. Dodge to compel Ford to disperse accumulated dividends to the stockholders instead of using the money to increase the company's business was decided today in favor of the Dodge Brothers.

The decision was announced today by Circuit Judge George S. Hosmer.

The case was argued here several weeks ago and witnesses testified at that time \$60,000,000 was involved. The Dodge Brothers, who are stockholders of the Ford Motor Company, attempted by injunction to prevent Ford from using his company's profits to erect some blast furnaces at River Rouge, near Detroit.

GRAIN MEN INDICTED AT CINCINNATI

Charged With Making Out Fraudulent Bills of Lading.

By Associated Press Dispatch.

Cincinnati, O., October 31.—On Federal Grand Jury indictments charging conspiracy August Farger, president of the Farger Grain Company of Cincinnati, William Dugan, secretary of the company, and R. H. Rasch, confidential messenger of the company, were cited to United States Judge Holster's court today.

The indictments charged the men with forging, counterfeiting and fraudulently making bills of lading. It is stated early in August they conspired to borrow \$22,000 from Second National Bank on bills of lading purporting to show shipments of goods from Fountaintown, Indiana to Cincinnati. The goods was supposed to be corn.

The charges made that no shipments were made, although the bills indicated the shipments were over the C. H. & D. railroad and that Fountaintown is not on that line.

Mr. Farger is one of the most prominent grain men in Cincinnati, a member of the Chamber of Commerce, and the "Grain Corner."

Mr. Dugan is also widely known in grain circles.

FIRST DOG TO FLY OVER NEW YORK CITY

CAPT. RICE AND "DON"

Captain Cushman Rice and his bullterrier "DonOrsino," who has the honor of being the first dog to fly over New York City in an aeroplane. Captain Rice is a member of Uncle Sam's corps of daring flyers at present station at Mineola, L. I. Flying is no novelty to Captain Rice, but he thought that it might be a novelty to "Don," so that when he learned Eddie Holterman, assistant chief instructor and tester for the War Department at Mineola, was about to fly over New York, he asked him to take "Don" along. "Don" went, sitting on the lap of the mechanic in the front seat of the machine. The aeroplane ascended during the flight to a height of 12,000 feet. Captain Rice is capping the climax of an especially adventurous career by serving in the aviation corps for duty in France. He has had about every other thrill there is. He fought in the Spanish-American war, gaining the rank of captain, fought in the Philippines, has shot Siberian tigers, hunted elephants in India and Africa and has fought in innumerable revolutions in Central America. Now he is going to hunt the Boche.

NATION WIDE LABOR CRISIS PRECIPITATED

By Associated Press Dispatch.

Chicago, October 31.—A nation wide labor crisis was seen today in railway circles as the result of increased wage demands.

Two weeks ago the brotherhood of Railway Trainmen formulated demands which would make \$5 a day the minimum wage for switchmen.

Yesterday the Switchmen's Union of North America drew up a schedule calling for 50 per cent wage advance.

Tomorrow chairmen of two big railway brotherhoods—the Brotherhood of Railway Trainmen and the Order of Railway Conductors will meet in Chicago. Local meetings of representatives of tens of thousands of employees have made it plain that the general meeting here will make heavy demands on the roads.

Their attitude, according to railroad officials confirms the prediction made at the hurried passage of the Adamson law postponed but did not avert the crisis.

TOTAL AMOUNTS STILL GROWING

By Associated Press Dispatch.

Washington, October 31.—The total of the treasury's latest offering of certificates of indebtedness was increased today to \$585,572,000, the highest recorded subscriptions from banks and individuals aggregating \$155,598,000.

The offering is still open.

IN FIVE DAYS

This huge sum was raised by the banks in five days upon short time certificates of indebtedness bearing 4 per cent interest payable December

15th and convertible into Liberty Bonds.

The subscriptions to this issue has carried the total of outstanding certificates to be retired from the proceeds of the second Liberty Loan up to \$2,219,997,000.

With subscriptions totaling \$23,064,164 for the day it has swollen the net balance in the Treasury to \$950,169,795.

NATURAL GAS SUPPLY FAILS AT WHEELING

Forty Thousand Men Thrown Out of Employment.

By Associated Press Dispatch.

Wheeling, W. Va., October 31.—More than 100 manufacturing plants were closed today and approximately 40,000 men thrown out of employment by the first natural gas shortage of the season.

The factories affected are located in the Panhandle counties of West Virginia and in Columbiana, Jefferson and Belmont counties, in Ohio.

TASK TOO BIG FOR SANCHEZ

(By Associated Press Cable)

Madrid, October 31.—Joaquin Sanchez Toca, former president of the Senate tonight abandoned his attempt to form a new Spanish cabinet. He was charged with the task early in the day by King Alfonso.

LIMA MAYOR IS NOT AFRAID TO CONFISCATE COAL

Lima, O., October 31.—Mayor Maylle H. Simpson and other city officials, accompanied by a squad of policemen, have seized 16 cars of coal in the North Lima yards of the Baltimore & Ohio railroad. Patrolman William Connahan, a former locomotive engineer, took charge of the engine and brought the cars down town. Assistant Superintendent J. C. Correl, Dayton, was placed under arrest and released after the cars had been spotted and were being unloaded. The severe weather made the action necessary, Mayor Simpson explained. He said he would seize no more coal until the situation is relieved.

MAJOR WARD DABNEY NOW, IF YOU PLEASE

Captain Ward Dabney is no more, but in his place is Major Ward Dabney. Major Dabney received his new commission a day or two ago, and the old sign at his headquarters has been changed from "Captain Dabney" to "Major Dabney."

Major Dabney is the man who superintended the building of Camp Sherman.

Keep Home Close With Ansco Pictures

An Ansco V-P Camera will keep your Soldier Boy close at home through pictures made in camp and in action, and keep home close through the picture stories you will send to him. Ansco V-P Cameras make 1 1/2 x 2 1/2 or 2 1/4 x 3 1/4 inch pictures. Five models, twelve equipments. Prices \$7.50 to \$56.00. See them here before you buy a camera. Delbert C. Hays

MOTHER GAVE THIS DELICATE CHILD VINOL

And He Got Well and Strong, That's true. Monaca, Pa.—"My little boy, who is the youngest of three, was weak, nervous and tired all the time, so he was most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It has restored his health and strength and he has gained in weight."—Mrs. Frederick Sommers, Monaca, Pa. Vinol is a constitutional cod liver and iron remedy for delicate, weak, ailing children. Formula on every bottle, so you know what you are giving them. Children love it. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

NOTICE!
in Change of Address Aiter
Monday, October 29
the Fayette-Clinton State-Free Labor Exchange will be located in the Fayette County Court House. Our Services are Free and you are invited to make use of this office. Phones, Bell 33. Auto 21491 Warren W. Smith, Supt.

FARMERS AT WORK HUSKING THEIR CORN

Fayette county farmers are at work husking their corn, and the demand for corn huskers by far exceeds the supply. The price paid this year is the highest every paid for such work, and every man who can work at all can make good money in the corn field this year, and there is no excuse for loafers hanging about the various loading places of the city and county. Most of the corn is exceptionally good, although there are some fields which will not yield as well as at first anticipated. However the crop is a bumper one, and rated the greatest in the history of the county.

FUNERAL SERVICES LARGELY ATTENDED

The funeral services of Mrs. Anderson Thornton were very largely attended at the home north of town, Monday afternoon. Rev. W. W. Miller, of Springfield, conducted them with much impressiveness and Mrs. Arthur Burgett sang beautifully. A number of relatives and friends accompanied the family to the Washington cemetery for the burial in the family lot. The pallbearers were Messrs. Jesse Baughn, Bert Moore, Frank Morgan, Pearl Baughn, Otho Dawson, Peter Smeltzer. Mr. William Howard of Chicago, attended the services.

TO THE WOMEN OF WASHINGTON

The Welfare rooms in the Y. M. C. A. building will be open from 8:00 a. m. to 5:30 p. m. Thursday to receive donations for the Rummage sale Friday. The bending room, in which the sale will be held, will be open all day Thursday and opened for the sale Friday morning at 9:00 o'clock. Don't forget to rummage and notify Mrs. Carrie B. Willis or Miss Mary Robinson if you want your donations called for.

NO COAL IN CITY LITTLE EXPECTED

Wednesday morning not a lump of coal was available from local coal dealers, and the prospects of more coming in were not at all encouraging, although a few cars are expected this week. Meanwhile the cry for fuel is growing and only warmer weather can prevent the situation from becoming really serious.

DRUNKS PAY UP

Two drunks, one a local man and the other from Jackson, were before Mayor Oster, Tuesday evening, and each drew the customary fine provided by law.

MUNITIONS SHORTAGE

(By American Press) Washington, Oct. 31.—That the Italian army is hampered by a serious shortage of shells in the face of the big German offensive is freely admitted by Italian officers in the United States. Captain Count Lucerna de Campogioni, who arrived here only recently, says the whole thing hangs on munitions. Italy has plenty of men and cannon but not enough shells. The transfer of British and French batteries to the Italian front, which has been going on for some time, is due to the lack, not of Italian cannon or artillerymen, but of shells. Britain and France have considerable reserve stocks of shells, and their supply is being kept up, but their shells will not fit the Italian cannon.

WONDEROUS NEW PICTURES; HOWE TRAVEL FESTIVAL

Not only in town, but throughout the county, many are looking forward to the 46th Semi-annual Tour Lyman H. Howe's Travel Festival, showing at the High School Auditorium tomorrow (Thursday) night at eight o'clock. The Howe pictures are admittedly the finest travel pictures in the world. They have been secured at enormous expense, the special Howe photographers traveling over the world to secure scenes that are new and thrilling and producing them with such perfectness that they are literally triumphs of photography. Twice a year new pictures are brought out and the feature of these big programs are always the leading current interest event of the year. The big feature to be shown tomorrow night will be an exclusive reproduction of Uncle Sam's New Navy, "Somewhere in the Atlantic." This feature alone would be worth the price of admission but is only one attraction in the series of marvelous pictures. The women of the Presbyterian Guild have brought the Howe Travel Festival to Washington for the past two years, giving the public an evening of rare enjoyment as well as the opportunity of world wide travel and acquaintance with world events of paramount interests. The pictures shown tomorrow night are said to rival those of any former Travel Festival. Varied and fascinating as will be the program the spectacular phases and absorbing interest of the films of "Somewhere in the Atlantic," will also convey a vast fund of information. There is something irresistibly fascinating about super-dreadnaughts and the life of the human element in command. It is a fascination that springs from the sense of untold power which can hurl shells weighing over half a ton for miles and miles. Howe's film is so real that when these big guns "speak" in unison—"Salvos" they call them, the sea and all it contains seems to quake and tremble. No less interesting is the rigid discipline and precision that governs each movement of every man during the loading and firing of the guns fore and aft. Another salient feature of this series visualizes the strenuous training of the splendid corps of midshipmen at the United States Naval Academy, in developing them as future officers of the Navy. Other films show the perilous ascent of Mt. Blanc in the Alps by fearless mountain climbers, a delightful trip through the Cascade mountains in Washington enroute the Great Northern Railway, thrilling contests in Broncho breaking by expert cowboys and cowgirls, beautiful scenes of Cascades, gorges and medieval ruins of southern France, reproduced in nature's own glorious hues and tints, and many other attractive subjects as well as a new collection of Howe's delightful comedy cartoons. Garfield, end; Captain King, tackles. The Camp Sherman gridders are scheduled at Cincinnati on November 17 and arrangements will be made to have the Cincinnati Colts divide the attraction with the University of Cincinnati.

LOW TEMPERATURES PAST TWO NIGHTS

The low temperature of the past two days is the lowest October temperature on record in this part of Ohio. From very warm to very cold within a few hours was the drop Monday night, when the mercury raced down to 25 above zero. However, it lacked just one degree being as cold Wednesday morning as Tuesday morning.

CAMP SHERMAN HAS FOOT BALL ELEVEN AND GAMES ARE ON

Camp Sherman, Ohio, October 31.—The first appearance of the all-star \$3 Division Football Eleven of Camp Sherman, O., on the gridiron this season will be at Hamilton, O., next Saturday, November 3. Captain Nelson Taibott, head coach of Camp Sherman aggregation today closed arrangements for a contest with the Camp Zachary Taylor team of Louisville, Ky. Both camps boast of powerful elevens and quite a hot game is looked for. Six all-American players will be seen in action on the Camp Sherman eleven. They are Malcom Scovill, Yale, half-back; Bill Goebel, Yale, guard; Captain Needham, Dartmouth, guard; Captain Marting, Yale, center; Private Eichenlaub, Notre Dame, full back; Captain Hyman, W. & J., end; other players who will perform are Captain Roubush, quarter back; "Nocky" Rupp, half back; Lieutenant

NO CONFISCATION OF CANNED GOODS

Attention has been called to the fact that a rumor, which is being taken seriously by some housewives, is now afloat, to the effect that government agents are planning to commandeer canned fruits and vegetables, and other family provisions stored away for family use. The story is absurd and utterly without foundation, and all housewives who are fortunate in having such supplies can rest assured that they will not be molested, and should anyone appear and claim to represent the government on such a mission, notify the police at once. Sugar

The announcement from Washington that the country is soon to see the end of the sugar shortage is one of the most encouraging of the past week.

Relief in sugar market conditions is made possible by the fact that the national food administration authorities, the sugar producers of Louisiana, the American refiners and the large wholesalers and jobbers are working together in a splendid co-operative endeavor.

More than two hundred million pounds of sugar are to be at once released to the refiners by the producers and this vast quantity is to be distributed through the refiners, jobbers and retailers, to the consumers and placed on the market at about ten cents a pound.

Of course there will still exist the need for practicing some economy in sugar consumption but there will be relief of the actual shortage in market.

While the direct result is a matter for congratulation, really the most encouraging feature is the splendid patriotic co-operation between the producers and large dealers with government officials.

It is another proof that the majority of the big business interest of the land have risen to the demands of the time and are doing their "bit" splendidly and effectively.

The Only Solution

Not the least astounding condition in all this disordered time throughout the world, is the inability of people to get coal to keep themselves warm or even to operate the public utility plants and grain elevators.

Men appointed to high positions in state and nation seem powerless to remedy conditions and are advising conservation of coal which, perhaps, in view of the tremendous burden commerce is placing upon the great common carriers is well enough.

When, however, we realize, if we can, that nature has placed in the coal mines of the United States, according to statistics supposed to be wholly reliable, something like three and one quarter trillions of tons of coal for the use of human beings, it is difficult to understand, clearly, the argument about a shortage of coal.

Even in these days, when we speak so glibly of hundreds of millions and billions, it is difficult to grasp, even approximately, what an enormous quantity three trillion tons is.

Another way of expressing it is this—allowing for present rate of increase in population and a proportionate increase in demand, there is enough coal in the earth to meet all the demands of men for centuries to come.

We must remember too, that the coal supply is finished. It's in the store house of the earth. Whether seasons are hot or cold, or wet or dry, makes no difference—it is a finished product.

Just why private ownership, to say nothing of monopoly, should be permitted to possess itself of nature's plenty and deprive the public of that which the Creator intended for all men, is a hard question to answer.

Public ownership seems to be the only means of obtaining relief and that should have come long ago.

Operators have been given every opportunity. They have long ago forfeited, if indeed they ever had, any right to the vast coal properties which belonged to all the people.

Bringing Results

The comparatively small number of retailers in the land who insist, in spite of the requirements of the national crisis, in pursuing a course of profiteering in their business are to feel the strong hand of government control.

While, as pointed out by Mr. Hoover, it is impossible for food administration officials to keep in direct touch with the thousands and thousands of retail dealers upon whom the consumers must depend, and to make them a part of the working organization, yet there is an effective channel through which the government may operate to check any dishonest dealing.

That channel is the licensed wholesalers and jobbers. The retailers must depend on the wholesalers and jobbers for their stock and they are to see to it as a part of the active food administration force that supplies are refused retailers who do not measure up to the standards of honesty and patriotism.

Every retailer therefore will be required to furnish to the wholesalers satisfactory evidence that he is following instructions before he can obtain food stuffs to sell.

Where there is a will there is a way and with the food stuffs the government has had the will and the way to accomplish the desired results has opened up.

It always does. The trouble with some of our officials, who can't apparently get things going right, is that they haven't enough real will.

Poetry For Today

YOUR LAD AND MY LAD
Down toward the deep blue water,
marching to throb of drum,
From city street and country lane the
lines of khaki come;
The rumbling guns, the sturdy tread
are full of grim appeal,
While rays of western sunshine flash
back from burnished steel;
With eager eyes and cheeks aflame
the serried ranks advance;
And your dear lad, and my dear lad,
are on their way to France.

A sob clings choking in the throat,
as file on file sweep by.
Between those cheering multitudes, to
where the great ships lie;
The batteries halt, the columns wheel,
to clear-toned bugle call,
With shoulders squared and faces
front they stand a khaki wall.
Tears shine on every watchers cheeks,
love speaks in every glance;
For your dear lad, and my dear lad,
are on their way to France.

Before them, through a mist of years,
In soldier buff or blue,
Brave comrades from a thousands
fields watch now in proud review;
The same old flag, the same old faith—
the freedom of the world—
Spells in those flapping folds above
long ranks unfurled.
Strong are the hearts which bear
along democracy's advance,
As your dear lad, and my dear lad,
go on their way to France.

The word rings out; a million feet
tramp forward on the road,
Along that path of sacrifice o'er
which their fathers strode.
With eager eyes and cheeks aflame
with cheers on smiling lips,
These fighting men of '17 move forward
on their ships.
Not even love may hold them back,
or halt that stern advance,
As your dear lad, and my dear lad, go
on their way to France.
—Randall Parrish in Chicago Tribune

PARIS IS AHEAD OF AMERICAN CITIES

(Associated Press Correspondence)
Paris, October 10.—M. Hudelo, the new Prefect of Police, has decided that the motorists' contribution to the unnecessary noise of the capital shall be suppressed. The siren trumpet has been suppressed altogether. Other trumpets must be used only when necessary, under penalty of fine.

The Aperture—"Come 'ome ter me 'e did an' said 'e'd lost 'is money, slipt thro' a 'ole in 'is pocket. 'Yes,' I sez, 'but by the way ye're wavin' abaht it seems to me it's slipt thro' a 'ole in yer fice.'"—London Opinion

THE KAISER'S HALLOWE'EN

STAGGERING DEBTS OF OHIO CITIES

By Associated Press Dispatch.

Columbus, O., October 31.—Ohio's cities and other subdivisions are staggering under a mountain of debt, according to state Auditor Donahey's statement on conditions at the close of the fiscal year, June 30th.

The combined indebtedness of cities, villages, counties, school districts and townships on June 30th reached the enormous total of \$414,163,000.

In 1880 this debt was \$41,296,301; twenty years later it jumped to \$96,192,109 and in 1900 it was \$187,573,000.

"If this steady increase keeps up Ohio's public debt will exceed one billion before 1925," said State Auditor Donahey.

The statement shows that eighty cities of the state are paying out vastly more than they are collecting in taxes. During the past year these cities collected taxes amounting to \$26,411,176 for city purposes alone and it was not nearly enough to meet expenses.

According to Mr. Donahey's figures it required \$180,657 in excess of this vast revenue to meet interest payments and retire bonds falling due, leaving not a single penny for regular running expenses.

Cities, under state law, can only levy five mills on each dollar of taxable property unless an increase is

authorized by a vote of the people or by an emergency legislation. The tax rate for Columbus for municipal purposes during the past year was the highest of any city in the state, according to the auditor's statement. It was 8.475 mills.

The rate in other large Ohio cities was: Cleveland, 6.7612; Cincinnati, 7.83; Toledo, 7.242; Dayton, 7.3; Youngstown, 4.87; Akron, 7.3; Canton, 5.22; Springfield, 6.8; Hamilton, 6.2; Lima, 4.19; Newark, 6.35; Portsmouth, 5.05; Findlay, 2.75.

New debts created by those cities

during the year were \$2,985,978 in excess of all revenue from taxation, and \$14,674,982 more than the total of old indebtedness retired.

CAN'T FAIL.

If you'd succeed,
This adage mind:
First find your work;
Then work your find.

YOU must always think of your Guarantee on every package of Lucky Strike Cigarettes as a direct personal message from The American Tobacco Company to you—not a mere business formality.

Read it; this is what it says:

GUARANTEE

If these cigarettes are not in perfect condition, or if they are not entirely satisfactory in every way, return the package and as many of the cigarettes as you have not smoked, to your dealer and he will refund your money.

You couldn't ask for anything more complete, sweeping or unreserved, could you?

You are protected, the dealer is protected: everyone who pays his money for Lucky Strike Cigarettes is given the squarest deal that plain English can define.

Isn't it a satisfaction to you to buy goods in which the manufacturer's confidence is so completely expressed, and the dealer's confidence so thoroughly backed up?

It gives you confidence; brings us all together—a complete circle of confidence.

Lucky Strike is the real Burley cigarette; you'll enjoy it immensely; the new flavor.

DAY BY DAY WITH OHIOANS IN BIG CAMP

Y. W. C. A. to Aid in Work at Camp Sherman. Art of Boxing Big Help to Modern Soldier.

By Associated Press Dispatch.
Camp Sherman, Chillicothe, O., October 31.—The Pittsburg conference of the Y. W. C. A. is expected to co-operate in the Camp Sherman Community project, which will be the building of a miniature city just outside the barracks grounds of the camp, where families of enlisted men will be given accommodations when they visit their soldiers.

Miss Helen M. A. Taylor, of Cincinnati, chairman of the field committee of the Y. W. C. A. for Ohio and West

Virginia, with Mrs. Pauline Sage and Mrs. Sarah Williams of the same organization, were here a few days ago and decided to co-operate in every way possible to make the community project successful. Probably \$30,000 will be voted toward a building in connection with the project. That is to be the recommendation. Ohio's quota for the Y. W. C. A. work in connection with training camps is \$367,000 and something valuable to the cantonment here is to be contributed.

Knowing how to box is going to be a big help to soldiers in bayonet fighting, in the opinion of Johnny Kilbane, champion featherweight of the world. Kilbane, here as an instructor, recently was at New York where he got the rudiments of bayonet fighting.

"The idea in bayonet combat is to get your man and escape yourself," said Kilbane. "You must make him miss and at the same time be prepared to get him. The idea is, you draw him in, knowing just what you want to do, and when you make him miss, you've got a Hun on your knife. The big idea in boxing is the same. If you know the boxing game it is going to be very easy to learn the bayonet game. They are very much alike."

Kilbane thinks Americans, particularly those with some boxing skill, will be great in bayonet combat. He predicts they will outclass the English for the reason that, like English boxers, the English bayonet fighter is not so much "up on his toes." He is inclined to fight flat-footed and is not as fast and quick to take advantage of openings as is the American.

The featherweight champion plans first to teach or help officers so they can pass their lessons on to the enlisted men. As often as possible he will lecture and illustrate boxing for the benefit of enlisted men, having use of the Y. M. C. A. buildings in each regiment. He also plans to box some of the best Camp Sherman followers of the "padded mits," of whom there are large numbers willing and anxious to test their ability with him.

Money derived from the football games that Camp Sherman's team play at Dayton, Cincinnati, Cleveland, Columbus and Toledo will go into a division welfare fund. The amount secured in each city will be placed in banks of the city contributing it and held there until the Eighty-third Division is in France. Then it will be at the disposal of Major General E. F. Glenn for emergency uses. He can cable for such funds as are needed.

this money to be used only in taking care of general things for the welfare of all the men of the division.

In addition to the fund being raised this way, money for use in purchasing athletic goods is being raised in several cities. Cleveland is especially active, according to Athletic Director W. D. Powell, a boxing match there several nights ago having brought nearly \$3000 to this fund. It is the plan to use such money as this in buying each company and each battery a big box of athletic goods, which are much in demand in camp.

The division football team, which has been at work each afternoon, now is getting into fine form. Captain Talbot has announced that thirty men will be carried, these in addition to 250 selective draft soldiers who will go along as a military escort.

WOULD DAZZLE BRAZILIANS

(By American Press)
Washington, Oct. 31.—Two more of the notorious Count Von Luxburg's messages to the German foreign office from Buenos Ayres were made public by Secretary Lansing. They provide official confirmation of Germany's plan to control southern Brazil, shed additional light upon Teutonic intrigue in South America generally and reveal that Luxburg appealed vainly for a squadron of submarines with which to awe some Latin-Americans and to flatter others with salutes.

Count Luxburg, on July 7, 1917, sent the following cablegrams to Berlin: "Our attitude towards Brazil has created the impression here that our easy-going good-nature can be counted on. This is dangerous in South America, where the people, under this veneer, are Indians. A submarine squadron with full powers to me might probably still save the situation. I am convinced that we shall be able to carry through our principal political aims in South America, the maintenance of open market in Argentina and the reorganization of south Brazil equally well whether with or against Argentina. Please cultivate friendship with Chile. The announcement of a visit of a submarine squadron to salute the president would even now exercise decisive influence on the situation in South America. Prospect excellent for wheat harvest in December."

ELKS' HOME ASSOCIATION INCORPORATED

Another Step in Work of Erecting Magnificent Home and Club Rooms Is Taken—Payments Coming in on the Dot. Association Hopes to Break Ground Next Spring.

The Elks' Home Association, a holding company for the Washington Lodge of B. P. O. Elks, No. 129, has been incorporated as a non-profit making incorporation, to handle the business connected with the building of the magnificent new Elks' Home in this city, the incorporators being Messrs. M. S. Daugherty, Jess W. Smith, J. D. Post, C. A. Gossard and M. J. Hagerty. The new association will take up the work at once, and will make every effort to break ground early next spring for the new home and club rooms to be located on what was formerly the city lot on Market street.

Under the modern plan adopted by

THE OLD RELIABLE STILL IN THE LEAD

Soft shell walnuts, cream nuts, hickory nuts, eating and cooking pears, Grimes Golden and Jonathan apples, fine for eating, oranges, bananas, lemons, Concord grapes, Dromedary dates, Spanish Onions, solid cabbage, fine kraut, celery, turnips, cranberries, Booth's Oysters, none better, 30c for Standards, 35c for Extra Selects, Duffee's Cough Syrup, finest on earth for all coughs and colds and the gripple, contains no opiates or poisons; big 6-ounce bottle for 35c. New phone 7771, Bell 77. New phone 7771, Bell 77. Yours, J. W. DUFFEE & CO., The Old Reliable Cash Grocers.

Elks for the building of the new home shares are issued to the amount of money subscribed by each member, and at death this amount reverts to the estate of the Elk holding the shares.

The Elks' Home Association, which is independent of the Lodge itself and eliminates the necessity of the lodge incorporating, renders the property doubly secure.

It is the intention of the lodge not to erect a home and club house for profit, but as place to be dedicated to the pleasure and welfare of Elks of the lodge.

Those in charge of the plans have adopted the very business-like method of paying the subscriptions toward the new building in 20 monthly payments, so that at the end of the 20 months from the time the payments started the entire amount will be in the hands of the Elks' Home Association, and the building will be either completed or nearly so.

The payments to date have been prompt and already sufficient money has been paid in to wipe out the amount paid for the lot and with a nice "nest egg" for the magnificent home itself.

The Association is planning to build the new home without the necessity of paying interest, and if they do this it will be a crowning achievement to the splendid enterprise of Washington Lodge of B. P. O. Elks.

FOOD SAVING

Sign the pledge and enroll as a member of the United States Food Administration, and you will be asked to do these things:

- Eat plenty, but wisely, and without waste.
- Buy less; cook no more than necessary; serve smaller portions.
- Preach and practice the "gospel of the clean plate."
- Use local and seasonable supplies; watch out for waste.
- Whenever possible, use poultry, game and sea foods in place of beef, mutton and pork.
- Use potatoes and other vegetables freely.
- Save wheat by substituting, in part, corn meal and other cereal flour for wheat flour.
- Save sugar. Use less candy and sweet drinks and less sugar in tea and coffee.

WAGES ADVANCED HOURS DECREASED BY ARBITRATION

Award Made by Arbitrators Between Men and Employees of Rock Island.

By Associated Press Dispatch.

Chicago, October 31.—Wages were advanced and hours per day and days per month were reduced by the board of arbitration which reported today on the demands made by telegraphers on the Chicago, Rock Island and Pacific railroad. The road will have to spend \$17,000 additional a month for wages.

SPRINGFIELD MEN COMING TOMORROW

A large representation is desired at the Thursday noon luncheon at the Y. M. C. A. to receive three visitors, including an officer from the training camp at Chillicothe, General Secretary Dorst of the Y. M. C. A., and Mr. C. L. Bower, of Bower Bros. Company, Springfield, who is state chairman of the National War Council of the Y. M. C. A.

Not only a large number of business and professional men and citizens are wanted at the luncheon, but the Y. M. C. A. Committee appointed to take up the war work of the Association at this point, and the Y. M. C. A. trustees will be in attendance.

Mr. Bower will speak briefly on the "Human Side of the War."

All who expect to attend the luncheon are requested to notify Physical Director Parker, at the Y. M. C. A. early Thursday forenoon.

LIEUTENANT BERG

Lieutenant Hans Berg, who brought the British liner Appam into Hampton Roads as a prize after her capture off the Azores by the German raider Moewe nearly two years ago, was one of the ten prisoners who escaped from the alien detention camp at Ft. McPherson. The other nine were members of the crew of the Appam and the commerce destroyer Prinz Eitel Friedrich.

Malaga Grapes

First shipment this season; these grapes are from the first cargo of Spanish grapes coming to this country this year. They are unusually fine, large fruit, fully matured, and sweet as sugar. You will enjoy these.

20c the pound

Florida Oranges

Thin rind, very juicy and unusually fine flavor for the first of the season.

40c the dozen

Grapefruit

Getting better every shipment, these we have now are well matured and heavy with juice.

15c each

Celery

The best we have had this season, well bleached, crisp and tender.

3 bunches 10c

Spanish Onions

Real winter skinned Valencia onions, these are sweet mild kind.

10c the pound

Pumpkins

Genuine pie pumpkins, free from frost and fully ripened.

10c and 15c each

Lemons

Sound fruit, that will keep, thin rind and plenty of juice. It will pay you to put a few away at this price.

2 for 5c

25c dozen

Peaberry Coffee

You can save at least eight cents a pound and at the same time have better coffee to drink if you buy the genuine green bag Peaberry Coffee. A trial bag will convince you.

22c pound

We do not believe in specials, because if we cut the price on one thing we would have to add it on some place else to make both ends meet. We believe that a fair profit on every article is best for both you and us.

OHIO NEWS

(By American Press)

Killed by Fall of Slate.

Shawnee, O., Oct. 30.—Charles Jenkins, 60, was killed in the Cabel Coal company mine near McCuneville by a fall of slate.

Drys Lose.

North Baltimore, O., Oct. 31.—North Baltimore voted to retain its saloons by a majority of 36 in a local election. The vote was: Wet, 327; dry, 291. The wets were victorious two years ago by a majority of 87.

Slain by Footpads.

Canton, O., Oct. 31.—Angered because he had no money, three thugs stabbed Roger Williams, 40, to death at Massillon, near here. John Miller, a companion of Williams, is being held by the police as a witness.

Train Hits Automobile.

Akron, O., Oct. 31.—Mrs. W. W. Wildman, wife of the general manager and treasurer of the Portage Rubber

company, was fatally injured when a train struck an automobile in which she was riding, west of Akron. Mrs. Wildman died in an Akron hospital.

Draftees to Vote.

Chillicothe, O., Oct. 31.—Ohio selective draft soldiers are going to do their voting Thursday. The job is to be started and finished in one day. The voting will be done without electioneering and button-holing. Those men who expect to vote will vote as they do other military things.

Fire Attacks Warehouse.

Cleveland, Oct. 31.—Fire destroyed the three-story storeroom and shipping building of the Cleveland-Akron Bag company plant, menaced the lives and property of residents in the neighborhood and resulted in an estimated loss of \$200,000. Several firemen were temporarily overcome by smoke from the conflagration.

Brokers Faced Ruin.

Montreal, Oct. 31.—The Montreal stock exchange was closed temporarily. The unofficial explanation was made that the exchange was closed because a number of brokers were in danger of ruin on account of their heavy holdings, which they had been unable to dispose of in the unfavorable markets of recent days.

NEW TAXES EFFECTIVE TOMORROW

War Taxes that Go Into Effect
Thursday and Friday.

Will Reach Virtually Everyone
in All Walks of Life.

By Associated Press Dispatch.

Washington, October 31.—This is the last day of grace from many new war taxes.

With the exception of increased letter rates and tobacco taxes which go into effect Friday, the special stamp taxes on documents, legal instruments and parcel post packages which go into operation December 1, all special taxes begin to apply at midnight tonight. They include:

One cent on each dime paid for amusement admissions.

Three per cent on payments for freight transportation.

Eight per cent on passenger fares.

Ten per cent on payments for Pullman and similar accommodations.

Five per cent on oil pipe line transportation.

One cent for each 20 cents or fraction paid for express packages.

Five cents on each telegraph, telephone or radio message costing fifteen cents or more.

Various taxes on cigars, cigarettes, tobacco and products.

Ten per cent on club dues.

Eight cents on each \$100 of new life insurance and one cent on each

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

dollar of fire, marine, casualty and other insurance policies.

Although the tobacco taxes do not become operative until Friday many dealers have already advanced retail prices in anticipation of the tax levies.

Other taxes of the new law, including those of hard and soft drinks, incomes and war-excess profits, have been in effect since the law was approved October 3, but in indirect form.

On December 1, the new stamp taxes including those on parcel post packages, will be payable, putting the entire law into complete operation, except for increased rates on second class mail, postponed until July 1 next.

Increases in first class mail rates probably will be most generally felt by the people. The law provides that the postage on letters, except "drop" or local letters, shall be 3 cents; and that on post-cards, including private mailing cards, shall be one cent more than heretofore. This increase includes so-called picture postcards. The advances were made effective thirty days after passage of the law, and are construed by the Post Office Department to begin with letters and post-cards postmarked November 2.

For consumers' convenience, books of postage stamps containing 3-cent stamps are in readiness for sale and the Department has printed thousands of 2-cent post-cards. First class mail postmarked tomorrow or any time prior to 12:01 A. M. November 2 regardless of time taken for delivery, will be transmitted at the old rates but that postmarked thereafter must pay the increased toll.

Amusement admission taxes become effective tomorrow at places charging more than 10 cents. They are 1 cent for each ten cents or fraction paid for such admission, payable by the person admitted but collected by the government from the amusement proprietor, required to make returns to the Treasury.

A flat tax of 1 cent for each child under 12 admitted when children are charged also is provided. Passes also are taxed, except those to bona fide employees, municipal officers and children under 12, at the regular rate which also is extended to cabarets or other entertainments in which the admission is included in the price fixed for refreshments, merchandise or service. Persons leasing theater boxes must pay ten per cent on their rental.

The new rates on cigars range from 25 cents to \$7 per thousand and on cigarettes from 80 cents to \$1.20 per thousand. Five cents a pound is the new tax on tobacco, snuff and other manufactured tobacco, while cigarette papers are taxed from one-half to 1 cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about 1 cent more on five cent tobacco packages, from 2 to 5 cents on cigarette packages and from 1 to 10 cents on cigars.

Clubs whose dues are less than \$12 a year and fees to lodges are exempt from the 10 per cent tax on club dues.

The new insurance taxes are imposed on new policies issued, with reinsurance policies exempted. Industrial or weekly-payment policies are taxed forty per cent on the first premium on policies for \$500 or less.

Wm. Fox Presents The Supreme Vampire

THEDA BARA in "CAMILLE"

A story that thrills and throbs with passion and love

A Wonderful Screen Adaptation

of Alexandre Dumas masterpiece—"The Lady of the Camellias," in 7 superb acts.

CAMILLE

is one of the most sensational and alluring picturizations Wm. Fox has yet filmed.

Theda Bara as Camille Gauthier will fairly enthrall you in this wonderful production. Vivid and vital, fascinating and gripping are the elements predominating. The scenic effects are startling in their realism. The photography is perfect. Personally supervised by Director General J. Gordon Edwards at Wm. Fox's mammoth Hollywood Studios, California.

Matinee tomorrow at 2:30

Night Shows at 7:00 and 8:45.

Admission 10c and 15c

Pick o' The Plays

PUBLIC IS INVITED TO TAKE PART IN HALLOWE'EN FETE

The public is cordially invited and urged to take part in the big Halloween parade to be given under the auspices of the Y. M. C. A. tonight, and to attend the entertainment at the Y. M. C. A. after the parade.

The parade of hobgoblins, witches, elves, nymphs and grotesques generally will form in front of the Y. M. C. A. at 7:30 and move promptly at that hour. All persons taking part in the entertainment must be masked, and all who are admitted to the performance at the Y. M. C. A. immediately after the parade must be garbed in appropriate costume. Those who are not masked will not be admitted. The usual Halloween sports and "cats" will feature the fun at the "Y."

The line of parade will be through the up-town business district, probably from the Y. M. C. A. to East street east to North, north to Court, west on Court to Main and thence to the Y. M. C. A.

Indications are that a large number of persons, both young and old men and women and boys and girls will take part in the frolic. Reports indicate that a great many good costumes will be seen in the parade.

TWO MEN "MARKED"

(By American Press)
Cincinnati, Oct. 31.—Leaders of the organization which kidnaped and whipped Herbert S. Bikelow, Cincinnati pacifist, are said to have held a meeting in Covington, Ky., to lay plans for future action. Two more Cincinnatians are on their lists of prospective victims. The names of the marked men were given to Bikelow by the White Caps after they had lashed him. One of them has been prominent in pacifist propaganda. The other is a resident of Cincinnati who has not been naturalized, and whose expressions have been the inspiration of much gossip and rumor. Forty per cent of the 800 members of the secret organization, which is pledged to punish all men suspected of disloyalty whom the law can not reach, live in Cincinnati. The remaining 60 per cent live in Newport and Covington.

Imperial Rebekah Lodge.
There will be a call meeting of Imperial Rebekah Lodge, No. 717 at I. O. O. F. Hall, Wednesday evening, Oct. 31st at 7:30 for balloting on applications and other business.

MILLIONS SIGN PLEDGE CARDS

(By American Press)
Washington, Oct. 31.—Despite the handicap of bad weather, the food administration obtained more than \$64,000 signature to food pledge cards in the first two days of its intensive campaign throughout the country. This total was contained in reports from about half of the states. The grand total is 2,600,000. The aim for the week is to enroll 10,000,000 families' signatures.

IRONTON WOMAN MAKES A GAIN OF 22 POUNDS

Mrs. Ada Milem Takes on Weight
After Giving Tanlac Trial—
Sleeps Good Nights Now, Too.

"I only weighed 109 pounds when I started taking Tanlac," said Mrs. Ada Milem, 2312 South Main street, Ironton, O., "I weigh 131 pounds now and I'm feeling fine."

"Before I started taking Tanlac I was so nervous that I got very little real rest," Mrs. Milem continued. "I'd lie awake until midnight or 1 o'clock in the morning sometimes and just toss about the bed."

"My appetite was poor, too, and food didn't agree with me. Meat and beans especially disagreed with me and would lay in my stomach like a heavy weight. I was getting pretty thin and only weighed 109 pounds."

"I read about Tanlac and finally decided to try it. It brought back my appetite in great shape and I eat good now. I've gained back weight and weigh 131 pounds. I sleep good at night now, too."

If you are not feeling right get Tanlac today. Thousands have tried it and have gained benefits through its use just like Mrs. Milem says she has. You can get Tanlac at Blackmer & Tanquary's, Frank Christopher's or C. S. Haver's drug stores, or any other good drug store. Advt.

WORTH THEIR WEIGHT IN GOLD

No man can do his best when suffering from backache, rheumatic pains, swollen joints or sore muscles. B. H. Stone, 840 N. 2nd St. Reading, Pa., writes: "For months I was unable to attend to business. I used Foley Kidney Pills and soon the pains and aches were gone. They are worth their weight in gold to me." Blackmer & Tanquary. advt.

Do your clothes look yellow? Then use Red Cross Ball Blue; makes them white as snow. 255 16

OHIO MAKES HER PROTEST TO CAPITAL

(By American Press)

Columbus, Oct. 31.—County coal committees from all over the state, called to Columbus to confer with State Fuel Administrator Johnson, said they would refuse to stand for Washington's handling of the Ohio coal situation, if this state is to play second fiddle to the northwest. At least, they said, they wouldn't stand for such action continuing unprotected.

Johnson and Governor Cox explained before 200 county committees that the fuel administration in Washington is handling the situation from a national viewpoint and that Ohio must play its little part in the national scheme and be satisfied with what is given it. Johnson said all that Ohio can do is to kick and yell "like stuck hogs" if not satisfied. The auditors decided to take this course.

J. C. Haswell, Dayton, ventured a motion asking Washington to stop shipments to the northwest until Ohio is taken care of. Half a dozen seconds ran out. Before adoption it was amended so that Federal Fuel Administrator Garfield is asked to give Ohio three more days, as Monday, when all coal in this state and certain parts of Kentucky, West Virginia and western Pennsylvania was consigned for Ohio and Michigan consumption. Johnson will forward the demand to Washington.

Johnson explained the meeting was called to get a line on the distribution of Monday's coal and to explain local price fixing. Reports on Monday's shipments are to be made to Johnson by operators, dealers, county committees and railroads. Local prices, he explained, are to be based on 1915 costs after allowing 30 per cent for increased distribution cost. Each county committee, he pointed out, will sit in a judicial capacity in fixing the price.

Federal Administrator Garfield sent word he was unable to attend the meeting, and his office was too busy to release a representative.

Senator Pomerene charged that operators are violating contracts so that they could sell coal at higher rates than the contracts call for. He said certain operators had told large manufacturers that they could have coal by paying prices higher than those fixed. Pomerene also pointed out that there is a jail sentence awaiting operators convicted of violating the law.

BALTIMORE PIERS SWEEP BY FIRE

(By American Press)

Baltimore, Oct. 31.—Fire attacked the extensive freight pier of the Baltimore and Ohio railroad, in the heart of that company's large terminal at Locust Point, on the west side of the harbor. The loss is heavy.

A British steamer, which led up at Pier No. 8, caught fire, and Lie 80 antiaircraft shells in her magazine exploded, endangering the lives of firemen. The ship sank later and four of her crew are missing.

It is believed the total loss will reach \$5,000,000, of which \$1,500,000 represents the piers, \$3,000,000 the material stored on them, and \$500,000 the steamer and cargo.

LOCK YOUR FORD

Saturday's Ohio State Journal says within 72 hours six Columbus automobiles were stolen, none being recovered. Get an Anti-Theft Ford Lock. \$2 installed. Hitchcock & Dalbey. 255 16

WILL USE ENGINE IF PINCH COMES

Manager H. E. Conwell, of the Bell Telephone Company, of this city announces that should it become necessary for the power plant to close down for the lack of fuel, that he will install a gas or gasoline engine for the generation of sufficient power to keep the Bell system in operation. Should the power plant close down, the use of the gas engine and gasoline engine for supplanting motors or for operating generating units, would become necessary in a number of businesses.

However the present outlook for the Washington Gas & Electric plant is much brighter, and no necessity of a shut-down is now in sight for at least one week, additional cars of coal now being on the way to the plant.

TESTIMONY TAKEN IN INJUNCTION CASE

The testimony in the case of the City of Washington against Thomas Hilary, an action to prevent the city authorities from entering into a contract with defendant for street cleaning, was taken Tuesday, and Judge Clevenger left for Wilmington on the afternoon train. Briefs will be submitted in the near future, and a decision is expected within the next two or three weeks.

The evidence was of a most interesting nature, and showed that steps had been taken to enter into two contracts, one for the amount of the defendant's original bid, and the other providing for a rebate which amounts to upward of \$15,000 on the five year contract.

PUBLIC SALE OF REAL ESTATE

I will offer at public auction the real estate of Abner Todhunter, deceased, at the home farm, 5 miles west of Greenfield and 1 3/4 miles east of East Monroe, on

THURSDAY, NOV. 8, 1917

Sale to start at 1:30 o'clock p. m. This tract contains 130 acres, 120 poles and is a splendid farm, fertile soil, running water and some good timber.

IMPROVEMENTS—A large brick dwelling house with summer kitchen, two cellars, two cisterns, a good well and a spring house all under same roof. The outbuildings consist of two large barns, 1 silo, corn cribs, buggy house, hog house, smoke house, wood house and other buildings.

25 ACRES IN WHEAT—Purchaser to get half of the grain in sack.

SECOND TRACT—This tract contains 28 acres, 54 poles, some timber and plenty of good water, making this an ideal pasture land. Located about one mile southeast of home farm.

TERMS—\$1,000 cash on 130 acre tract, balance on delivery of deed; \$200 cash on second tract, balance on delivery of deed. Absolute possession will be given on both places March 1, 1918.

HUNS ESTABLISH AGRICULTURAL CLUBS

(Associated Press Correspondence)

Amsterdam, October 8.—The Hungarian government, it is announced, has decided to establish a chain of Chambers of Agriculture, eighteen in number. Membership of landowners will be obligatory. The Chambers will have an official charter, and will settle all questions connected with agriculture. The scheme is the most ambitious and revolutionary devised in any belligerent country.

The scope of the activity of the Chambers will include agricultural research, the formation of agricultural committees, the supervision of agricultural societies, agricultural instruction, participation in the proceedings of the committees on prices of agricultural products, and the creation of agricultural labor exchanges.

The chief aim of the Chambers will be the increase of agricultural production.

Good housekeepers use Red Cross Ball Blue. Makes clothes clean, sweet, like new. All grocers.

Boast Washington; buy at home.

ITALY NEEDS COAL

(By American Press)

Washington, Oct. 31.—The Italian situation was discussed at length by President Wilson and his advisors at the cabinet meeting, the discussion touching immediate military aspects and the extension of assistance by the allies. Furnishing of supplies, especially coal badly needed for Italian munition factories, is said to be regarded as this country's particular sphere of immediate action.

THE WHOLE NEIGHBORHOOD KNOWS

Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., writes, "Foley's Honey and Tar cured my daughter of a bad cold. OHIO MAKES HER PROTEST TO CAPITAL

(By American Press)

Columbus, Oct. 31.—County coal committees from all over the state, called to Columbus to confer with State Fuel Administrator Johnson, said they would refuse to stand for Washington's handling the Ohio coal situation, if this state is to play second fiddle to the northwest. At least, they said, they wouldn't stand for such action continuing unprotected.

Johnson and Governor Cox explained before 200 county committeemen that the fuel administration in Washington is handling the situation from a national viewpoint and that Ohio must play its little part in the national scheme and be satisfied with what is given it. Johnson said all that Ohio can do is to kick and yell "like stuck hogs" if not satisfied. The auditors decided to take this course.

J. C. Haswell, Dayton, ventured a motion asking Washington to stop shipments to the northwest until Ohio is taken care of. Half a dozen seconds ran out. Before adoption it was amended so that Federal Fuel Administrator Garfield is asked to give Ohio three more days, as Monday, when all coal in this state and certain parts of Kentucky, West Virginia and western Pennsylvania was consigned for Ohio and Michigan consumption. Johnson will forward the demand to Washington.

Johnson explained the meeting was called to get a line on the distribution of Monday's coal and to explain local price fixing. Reports on Monday's shipments are to be made to Johnson by operators, dealers, county committees and railroads. Local prices, he explained, are to be based on 1915 costs after allowing 30 per cent for increased distribution cost. Each county committee, he pointed out, will sit in a judicial capacity in fixing the price.

Federal Administrator Garfield sent word he was unable to attend the meeting, and his office was too busy to release a representative. Senator Pomerene charged that operators are violating contracts so that they could sell coal at higher rates than the contracts call for. He said certain operators had told large manufacturers that they could have coal by paying prices higher than those fixed. Pomerene also pointed out that there is a jail sentence awaiting operators convicted of violating the law.

WILL USE ENGINE IF PINCH COMES

Manager H. E. Conwell, of the Bell Telephone Company, of this city announces that should it become necessary for the power plant to close down for the lack of fuel, that he will install a gas or gasoline engine for the generation of sufficient power to keep the Bell system in operation. Should the power plant close down, the use of the gas engine and gasoline engine for supplanting motors for operating generating units, would become necessary in a number of businesses.

However the present outlook for the Washington Gas & Electric plant is much brighter, and no necessity of a shut-down is now in sight for at least one week, additional cars of coal now being on the way to the plant.

TESTIMONY TAKEN IN INJUNCTION CASE

The testimony in the case of the City of Washington against Thomas Hilery, an action to prevent the city authorities from entering into a contract with defendant for street cleaning, was taken Tuesday, and Judge Cleveland left for Wilmington on the afternoon train. Briefs will be submitted in the near future, and a decision is expected within the next two or three weeks.

The evidence was of a most interesting nature, and showed that steps had been taken to enter into two contracts, one for the amount of the defendant's original bid, and the other providing for a rebate which amounts to upward of \$15,000 on the five year contract.

PUBLIC SALE OF REAL ESTATE

I will offer at public auction the real estate of Abner Todhunter, deceased, at the home farm, 5 miles west of Greenfield and 1 3/4 miles east of East Monroe, on

THURSDAY, NOV. 8, 1917

Sale to start at 1:30 o'clock p. m. This tract contains 130 acres, 120 poles and is a splendid farm, fertile soil, running water and some good timber.

IMPROVEMENTS—A large brick dwelling house with summer kitchen, two cellars, two cisterns, a good well and a spring house all under same roof. The outbuildings consist of two large barns, 1 silo, corn cribs, buggy house, hog house, smoke house, wood house and other buildings.

35 ACRES IN WHEAT—Purchaser to get half of the grain in sack.

SECOND TRACT—This tract contains 28 acres, 54 poles, some timber and plenty of good water, making this an ideal pasture land. Located about one mile southeast of home farm.

TERMS—\$1,000 cash on 130 acre tract, balance on delivery of deed; \$200 cash on second tract, balance on delivery of deed. Absolute possession will be given on both places March 1, 1918.

H. M. TODHUNTER.

HUNS ESTABLISH AGRICULTURAL CLUBS

(Associated Press Correspondence)

Amsterdam, October 8.—The Hungarian government, it is announced, has decided to establish a chain of Chambers of Agriculture, eighteen in number. Membership of landowners will be obligatory. The Chambers will have an official charter, and will settle all questions connected with agriculture. The scheme is the most ambitious and revolutionary devised in any belligerent country.

The scope of the activity of the Chambers will include agricultural research, the formation of agricultural committees, the supervision of agricultural societies, agricultural instruction, participation in the proceedings of the committees on prices of agricultural products, and the creation of agricultural labor exchanges.

The chief aim of the Chambers will be the increase of agricultural production.

ITALY NEEDS COAL

(By American Press)

Washington, Oct. 21.—The Italian situation was discussed at length by President Wilson and his advisors at the cabinet meeting, the discussion touching immediate military aspects and the extension of assistance by the allies. Furnishing of supplies, especially coal badly needed for Italian munition factories, is said to be regarded as this country's particular sphere of immediate action.
